Instructions for E Poster Presentation

Registration of the presenter for the conference is mandatory

Guideline for E Poster

- The E-poster will be displayed on a standard 16/9 display format in 42" (Diagonal) LCD
- ***Posters should be made in Power point and must be converted to PDF.***
- ***Kindly sized your power point slide to On- Screen Show (16:9) before making your poster.***
- ***The name of the final file should be the URN number assigned.***
- Maximum number of slides per E-poster shall be **ONE only**
- Total size of the presentation should not exceed 5 MB
- Animation/movies/sounds will not be supported; please submit in a static format only
- Slide template for E Poster is attached or you can download it from www.csicon2018.com.

Design Specifications

- The E-poster needs to be created as per the example format attached
 - a. Each slide title should be placed in a title placeholder
 - b. The text should include Background, Methods, Results, Conclusions and Acknowledgements
- The poster should be self explanatory. Text should be brief and well organized
- It is suggested that font size of the text should be at least 28 point. The typeface chosen should be a simple and clear one (e.g. Helvetica, Calibri, Arial, Tahoma)
- Color suggestions:
 - a. Our template for poster is with light background and therefore using dark fonts (black, navy blue, dark green) is advisable.
 - b. Avoid using red or green in any fonts or backgrounds as they are colors that are difficult to read
- Illustrations, images and photographs used in the E-poster should be enlarged enough to show relevant details
